CORE COMPETENCIES

Horizon work in partnership with our clients to come up with the best product for their particular budget. We offer a truly bespoke service to deliver great, high quality products that are delivered on time and perfectly match the clients' requirements.

EXPERTISE

- High quality bespoke fabricated street furniture, signage and information display products to the Sign & Transport sectors.
- Bespoke, robust metal framework for use in the Commercial Furniture Sector made to customers requirements.

DIFFERENTIATORS

Horizon offer consistent, reliable robust products to stand the test of time. Utilizing our in house capabilities our produce is carefully considered and thought of throughout the design and manufacturing process. Our highly skilled and qualified staff creates high quality, engineered products from almost any product design. With our in house powder coating we are able to powder coat our products any colour. We continuously work and develop our process to work towards our customers' needs.
