

Metal Fabrication Solutions for Every Learning Environment

Trusted by schools across the UK

Trusted by Schools for Over 30 Years

Horizon is a trusted partner for schools, delivering high-quality products that enhance learning environments. Our experience and in-house manufacturing allow us to provide both standard and bespoke solutions, tailored to your school's needs.

From durable essentials to specialist items, every product is made in Britain with quality, reliability, and sustainability at the core. Our team is here to guide you every step of the way, ensuring your school receives products that are built to last and designed to inspire.

Why It's Worth Investing in Quality

We understand that comparing products and prices can be tricky – especially when it seems like the cheaper options might do the job. But when it comes to something as important as displaying the information in your notice boards, investing in quality makes a real difference. We'd like to show you why spending a little more up front can actually save you time, money, and stress in the long run.

We take great pride in our craftsmanship and always go above and beyond to exceed customer expectations. All our products are 'made in Britain' and we are proud to be backed by the prestigious www.madeinbritain.org accreditation.

For more information about any of the products featured please contact us on 01484 460 909 or email sales@thehorizon-group.co.uk

Why Choose Our Notice Boards?

Our Lockable Notice Boards are designed to offer unparalleled durability, security, and customisation. Here's why they're better than the competition:

20-Year Structural Frame Guarantee

Our aluminium frames are built to last, reducing the need for costly replacements.

Fully Welded Corners

Unlike competitors' boards that use basic brackets, our welded corners provide strength as the frame is prevented from flexing or failure.

Vandal-Resistant

With stainless steel security locks and full-length hidden hinges, our boards ensure your displays remain tamper-proof.

Custom-Made in the UK

We can customise your boards to any size, colour, or configuration, and deliver quickly since we manufacture everything locally.

Why Quality Matters

Our lockable notice boards offer durability, security, and long-term value. Protecting your displays whilst standing up to daily use.

Long-Term Cost Savings

Competitor products will need replacing far more frequently, adding hidden costs over time.

Quick and Customisable

Unlike imported products, we offer faster delivery and more flexibility, from frame colour to hinge direction.

Built for Security and Durability

Our notice boards are designed to withstand everyday wear and tear, making them ideal for busy external or internal environments.

Trusted by Schools Nationwide

Here are 13 good reasons why schools buy our Academy Lockable Display Notice Boards

20 Year Structural Frame Guarantee – As we are extremely confident in the construction of the Academy lockable display notice boards, schools now benefit from a 20 year manufacturers guarantee.

British Made – All Academy lockable display notice boards are made in our factory in Yorkshire.

Credibility – We have been a fabricating company for over 30 years, producing quality products for thousands of schools nationwide.

All Aluminium Construction – Any size frame, any frame or felt colour, left or right, or top hinged opening

High Impact Glazing Panel – We use 3mm Clear PET that is UV rated, rigid, vandal resistant and will not shatter.

Stainless Steel Security Allen Key Locks – This efficient locking system ensures the doors lock and unlock every time. There are no mechanisms that can fail or slots for keys which can be tampered with or superglued in the locked position.

Fire Safety – The materials used in the construction of the Academy lockable display notice boards have a fire rating to ensure the product would not act as an accelerant in the event of a fire.

Full Length Security Hinge – The door hinge is a hidden integral part of the door frame and can not be tampered with. This ensures the Academy lockable display notice boards are as vandal resistant as possible.

Registered Design – The front frame is an attractive shape which gives the frame rigidity and strength.

Fully Recyclable – All the materials used in the manufacture of the Academy lockable display notice boards can be recycled.

Quick Delivery Times – As the UK manufacturer, we guarantee there will be no delay in delivery as we do not depend on goods shipped in from abroad.

Fully Welded Corners – We weld the frame together to ensure the door and the back frame is strong and does not flex. This way the door frame will never fail or come apart at the corners which does happen with other boards simply held together with only a basic holding bracket.

Stratford Post Mounted Poster Case

Stratford Post Mounted Poster Case

For any bespoke requirements please contact a member of the team on 01484 460 909

A high-quality free-standing display featuring premium poster cases available in various sizes and orientations.

The Stratford is a versatile freestanding display solution incorporating our premium AP or Camelot aluminium poster cases, mounted securely on two 76mm diameter aluminium posts. Designed to meet your specific requirements, the Stratford is available as single or double-sided units and can be manufactured in banks of two, three, or four units side-by-side. Alternatively, two poster cases can be mounted on three posts to form a distinctive 'V' shape.

Premium Construction and Customisation

Manufactured from high-quality aluminium, our poster cases come with a superior finish and are available in a wide range of standard sizes—including A0, A1, A2, A3, A4, Double Royal, 30"x20", 40"x30", 60"x40", and 6 Sheet—with bespoke sizes also available to suit unique applications.

The attractive poster frames measure 42mm x 50mm and feature a 2mm high-impact display panel. Each unit is equipped with a full-length, integral security-hinged, lockable front door, secured security allen key locks for ease of use and enhanced protection.

Durability and Practical Features

Our poster cases combine vandal and weather resistance, ensuring long-lasting protection while maintaining a sleek aesthetic. The frames have fully welded and dressed corners, and a heavy-duty back section with built-in water drainage for reliable external use.

The standard Stratford display is usually portrait orientation, side-hinged on the left, with posts measuring an overall height of 2750mm. The complete unit is powder coated silver for a premium finish. Options include fabric pin board or magnetic inserts, transforming the case into a versatile notice board.

Sustainability and Safety

All poster cases and notice boards are manufactured from fully recyclable materials and meet fire retardant standards, combining environmental responsibility with safety compliance.

School Notice Boards

School Notice Boards

Changing Room
Room
Benching

Changing Room Benching

For any bespoke requirements please contact a member of the team on 01484 460 909

Made to measure changing facilities that come in a variety of materials and finishes. Built to last and fitted by our skilled installation team.

We manufacture bespoke changing room benches tailored to your requirements and location, offering options such as standard base benches, benches with uprights, shelving, island benching, mesh shoe racks, extra hooks, or integrated anti-theft coat hangers. Slats can be made from varnished FSC timber (70mm x 25mm) or heavy-duty plastic for wet areas, and each bench is custom-built to fit any room, accommodating pipes, power sockets, and layouts for a more versatile solution than standard "off-the-shelf" products.

- 38mm X 38mm RHS steel frames
- Lat and floor fixing cleats
- All fully welded for additional strength
- Overall dimensions of 420mm (h) x 360mm (d)
- Fully powder coated finish
- FSC timber is 70mm (w) x 25mm (d)
- Timber is sanded, sealed and lacquered
- Variety of surfaces available

Fabric Wrapped Notice Boards

 **MADE IN
BRITAIN**

Fabric Wrapped Notice Boards

For any bespoke requirements please contact a member of the team on 01484 460 909

Top quality Camira fabric with a full coating of adhesive backing applied. All wrapped neatly around the edges to give a modern look to the pinboard. Available in a wide range of colours and can be produced any size.

We manufacture to our customers specifications and the photo's are examples of the type of products we have previously made.

Fabric Wrapped Unframed Pin Notice Boards

For any bespoke requirements please contact a member of the team on 01484 460 909

We've been manufacturing top quality fabric wrapped pin notice boards for many years and have come to find that they are suitable for various applications, across various markets – from Student Accommodation Pin Boards, to School Display Boards to Private Office Notice Boards.

The pin boards are a modern design with their frameless wrapped edges providing a neat finish. As the fabric is adhered to the board with a heavy-duty adhesive, this ensures there is no sagging or bagginess of fabric through general use.

The pin boards are easy to install and provide a quality and durable addition to a room or space for many years.

The fabric is fire rated to BS476, Part 7, Class 1.

Office Wall Covering

For any bespoke requirements please contact a member of the team on 01484 460 909

We can fabric wrap our unframed pin notice boards to a maximum size of 2440mm x 1220mm allowing for fantastic use as a wall covering in office spaces or student accommodation. Not only do the multiple choices of fabric colour enable the wall to have a coloured feature, but it works practically as the pin board can be used for displays, notices or production planning.

The fabric is fire rated to BS476, Part 7, Class 1.

Storage Solutions

Storage Solutions

For any bespoke requirements please contact a member of the team on 01484 460 909

Made to measure storage solutions that are designed to fit your needs perfectly.

Built to last, fitted to perfection.

As manufacturers of many of our own racking, shelving and storage solutions we are in the useful position of being able to produce a range of products that are made to measure. For our customers, this means that you aren't buying items that have to be supplied in pre-determined lengths or depths and they can be supplied in any number of permutations.

Constructed using a selection of steel box section and sheet metal, our storage solutions are built to last and to endure the rigours of heavy day to day use. As well as this, we are able to powder coat all items to any RAL colour of your choice which allows you to personalise the products. We also provide a comprehensive installation service when required.

We are a proud Yorkshire based manufacturing company with a clear vision of what we would like Horizon to be and aim to constantly achieve the values set by the company.

Our team at Horizon are here to provide you with more information, answer any questions you may have and provide you with an effective solution for your needs.

Ross Ball
Managing Director

Standard 20 year warranty on Horizon manufactured products

This Limited warranty applies to physical goods, and only physical goods purchased from The Horizon Group Ltd.

What does this limited warranty cover?

This Limited warranty covers any defects in material or workmanship under normal use during the warranty period. During the Warranty period The Horizon Group Ltd will repair or replace, at no charge, products or parts of products that prove defective because of improper material or workmanship, under normal use and maintenance.

What will we do to correct problems?

The Horizon Group Ltd will replace or repair, at our option, any goods supplied by the Seller (save as provided in (f) below) if a defect in material or workmanship arises under conditions of normal and proper use and maintenance (fair wear and tear and vandalism excepted).

What and how long does the coverage last?

All Horizon fabricated products have a 20 year warranty that covers our workmanship.

What does this limited warranty not cover?

This limited warranty does not cover the product if the following are not true:

- a) The goods were operated and maintained in accordance with the Seller's operating instructions.
- b) The claim is first notified promptly in writing to the Seller.
- c) The defect occurs within 20 years from the date of Take-Over of the goods by the Buyer.
- d) The goods have not been repaired or modified by anyone other than the Seller or at the Seller's direction.
- e) In the case of goods not of its own manufacture, the Seller's responsibility shall be limited to the passing on to the Buyer the benefit of any guarantee or warranty given to the Seller by the manufacturer of such goods.
- f) Filaments, gaskets, targets and consumable items are themselves excluded from the warranty provisions.
- g) Miss-use, damage and vandalism will not be covered.

Bespoke goods

Where the Seller has manufactured goods to the design of, or furnished by, the Buyer, the Seller accepts no liability for design errors or the consequences thereof, and the Buyer shall indemnify the Seller against all demands, damages, costs, and expenses arising in connection with such design.

The Seller disclaims all other warranties – whether express or implied, oral or written – with respect to the goods, including without limitation all warranties of merchantability or fitness for any purpose. The Seller does not warrant that the goods are error-free or will accomplish any particular results.

The foregoing states the entire liability in contract and in tort of the Seller in respect of defective goods and the Seller shall not, save as expressly provided herein, be liable for any other claim in regard to defects in the goods.

Our team at Horizon are here to provide you with more information, answer any questions you may have and provide you with an effective solution for your needs.
